and country votes, consequently Mr. Betts must have considered that he was as much a representative of the agricultural portion of the community as of the town, and under such consideration has throughout his tenor of office shown an equal interest in his desire to further the interests of both sections. Until last session of the Assembly Mr. Plaxton showed his appreciation of Mr. Bett's abilities, judgment, etc., by voting for each and every measure which the latter brought forward or promoted. On each question which the *Saskatchewan* mentions—the Educational and Liquor Bills included—Mr. Bett was supported by Mr. Plaxton. It was not as a reward for his subservency (as the *Saskatchewan* asserts) but from the ability displayed by him in all his work on the floor of the House and in committee that Mr. Bett was with Dr. Brett sent to the Dominion capital to ask for certain remedial measures. Their visit had nothing to do with the revision of constituencies. Had it had any such connection it would be only reasonable to suppose—according to the *Saskatchewan's* arguments—that Mr. Bett would have succeeded in carving out a constituency which had not for the past three years been directly under the patronage of his opponent, nor would he have chosen one which can be wrenched from his grasp by the relentless hand of the *Saskatchewan's* editor with such apparent ease—on paper. The results of that mission to Ottawa have shown themselves in many practical and beneficial ways, and the delegates have been praised for their labors by all Territorial newspapers, including the *Edmonton Bulletin* and others not over friendly to Messrs. Brett and Bett. The statement that Mr. Bett had used his public position to further the interests of his firm is, we are in a position to state, entirely false, and has no foundation—except perhaps in the devitalized condition of the editor's mental organization. Chief Factor McFarlane—than whom there is no more honest, capable or loyal official in the service of the H. B. Co.—might well have been spared the insulting language applied to him by the *Saskatchewan*, but we think he will be philosophical enough to consider its source, just as some one else did when kicked by an ass. Our own opinion is, and we are persuaded that it is the general verdict of those who elected him, that Mr. Bett must be given credit for having to the best of his ability, judgment, etc., performed an immense amount of honest, faithful and efficient work during his tenure of office. Many suggestions made by him have become permanent and successfully working laws of the land, and we have no doubt that the electors who reposed their trust in him three years ago will not have the slightest hesitation in doing so again when the opportunity is presented to them.

"SAVE US FROM OUR FRIENDS." Our Immigration Committee can truly repeat the above quotation. For two years they have been fighting hard in the interests of settlement. They have expended large sums of money in calling outside attention to our country, and much valuable time has been devoted to showing strangers about the district; and all this has been done in the face of the most serious kind of opposition from one of themselves. Only last week a large party of South Dakota farmers arrived in search of the lands which had been so extensively written about, and just when they seem most favorably im-

pressed, that highly patriotic publication? the *Saskatchewan*, is issued, urging them and all others looking for new homes to locate in North Dakota or Minnesota, and in glowing language it portrays the great natural advantages of those States. The ugly feature of the thing is that the individual who manages that sheet is not only a member of the Immigration Committee, but has received material assistance from them and the Town Council for the publication of immigration literature in the interests of our own country. The editor may take an interest in our country's development, but so long as he continues to publish such matter as above referred to, the Immigration Committee and the thinking public are justified in doubting the honesty of the interest he displays.

Our exhibit has gone east, and the collection is not one on which the district can congratulate itself. A majority of the committee have worked hard, and have received but scant assistance from those who might have helped, and thereby assured, a display that would have done our settlement a vast amount of good. We will revert to this matter in a future issue.

NOTICE

Sealed Tenders endorsed "Tenders for Supply of Flour and Bacon" will be received by the undersigned up to noon of Wednesday, the 7th October, 1891, for the delivery on or before the 7th November next, of the undermentioned quantities of Flour and Bacon, or any portion thereof, in the Storehouses of the agencies or schools mentioned, together with such further quantities as may be required during the fiscal year ending 30th June, 1892.

Flour to be of Grade similar to the present standard, on view at this, the Winnipeg, or any Agency office, and to be put up in accordance with existing contract specifications.

Bacon to be extra short clear, of best quality, new and sound—weighing to each from 15 to 16 lbs. In every to be made in sacks, weight of which at time of delivery will be deducted.

Agencies	Flour	Bacon
Fort Garry	200 Sacks	5,000 lbs.
Birtle	100 "	2,500 "
Moose Mountain	100 "	2,500 "
Crooked Lakes	100 "	2,500 "
Assiniboine	45 "	1,125 "
Pine Hills	100 "	2,500 "
Muscowpetung	100 "	2,500 "
Touchwood Hills	200 "	5,000 "
Long Lake	100 "	2,500 "
Carlton	200 "	5,000 "
Battleford	200 "	5,000 "
Quinn Lake	200 "	5,000 "
Saddle Lake	200 "	5,000 "
Edmonton (Storey)	150 "	3,750 "
Peace Hills (Battle)	50 "	1,250 "
Sarcee	250 "	6,250 "
Storey (Morley)	150 "	3,750 "
Blackfoot, North	200 "	5,000 "
Blackfoot, South	200 "	5,000 "
Reserve	350 "	8,750 "
Blood's Upper Reserve	500 "	12,500 "
Blood's Lower	500 "	12,500 "
Piegans	400 "	10,000 "
INDUSTRIAL SCHOOLS.		
Qu'Appelle	300 "	7,500 "
Battleford	250 "	6,250 "
High River	150 "	3,750 "

Since above mentioned quantities are subject to increase or reduction when contracts are let, separate quotations should be given for our load and smaller lots.

An accepted cheque for money for five per cent of the amount of tender must accompany it, and will be forfeited should tender be rejected, or if called upon to do so, or fail to satisfactorily complete the contract.

Forms of tender may be had on application to this, the Winnipeg or any Agency office.

No tender necessarily accepted.

Look out for The Hudson's Bay Company's

NEW FALL AND WINTER STOCK!

Which will begin to arrive next week.

The largest and finest stock ever brought to town, and at prices which are sure to satisfy all purchasers.

THE HUDSON'S BAY COMPANY'S EAST AND WEST END STORES.

BIRCH HILLS.

Tass Struthers, the celebrated hunter and trapper, with his chum Jack, passed here recently on their way to winter quarters, which will be along the lower part of Carrot River country. They will stay there all winter, and will no doubt bring in a large number of furs.

James Bird and family are visiting relatives here. They intend returning to Battleford soon. Mr. Bird reports crops good up there.

A young team belonging to J. Thompson ran away the other day, throwing the driver out, and breaking the rig.

Mr. Thompson intends disposing of a fine flock of sheep on account of the ravages of wolves, which are particularly troublesome owing to the somewhat isolated situation of his ranch.

James Clark has some wheat that is worthy of a showing in some of the eastern exhibitions, as nothing could beat it. The yield will be from forty to forty-five bushels per acre.

A camp of railroad surveyors for the M. & N. W. railroad have been through here engaged in running a line, and farmers now hope that the rumor regarding the rapid completion of this railroad has some foundation.

A large representative meeting of the electors of Kinistino was held at Carrot River agricultural hall on Tuesday, the 22nd inst., for the purpose of considering how they might best advance their interests in the coming elections for M. E. A., and to select a candidate. Mr. S. Jackson filled the chair most ably, while Mr. W. Roscoe acted as secretary of the meeting.

After a few opening skirmishes, which are inevitable here, Mr. Alex. Johnston was called to the platform and delivered a speech, in which he dealt ably and at some length with each question that the new Assembly are supposed to deal with.

After a few favorable and unfavorable comments,

Mr. F. W. Meyers took the floor, and expressed his views in relation to each point, differing slightly from Mr. Rodgers on the liquor question, Mr. Meyers being in favor of the high license system.

Mr. G. Conners was then called on and made an interesting speech, in which he advocated the use of a special religious service in schools and the exempting from taxation of some personal property.

Mr. T. Sanderson's name being called,

he said he favored a high license system, surrounded as we are by provinces and states where liquor is made and sold.

Mr. George Ellis also addressed the meeting in a few well chosen remarks.

On the question of separate schools, his language and the present permit system all were agreed in saying that they should be abolished.

Messrs Geo. Ellis and F. W. Meyers were then nominated as electors.

It was decided to ascertain by open vote of these present the popularity of each candidate, which resulted as follows: 11 votes, 8; Ellis, 7. Only half the electors present voted. The meeting closed with a vote of thanks to the chairman.

The school picnic came off successfully, a good time being spent during the day and evening. The Bird string band kindly furnished the music in their usual excellent style for those who remained to dance. Sports were held during the day, and resulted as follows:—

Boys under 15 years, 100 yards race—Tom Jackson 1st, Jerry Stevens 2nd, 2nd place 12 years—T. R. Taylor 1st, Young 2nd.

Boys under 12 years, 75 yards—Annie Jackson 1st, Alice Jackson 2nd.

Boys and girls under 8 years, 75 yards—Annie Jackson 1st, Thos. Jackson 2nd.

Boys 21 lb. stone—Toos. Rea 1st, 2nd 5 lb. H. G. Young 2nd, 25 ft.

Boys 14 lb. stone—H. G. Young 1st, 2nd 9 ft. T. Rea 2nd, 31 feet 8 in.

Standing broad jump—T. Rea 1st, 9 ft. 6 in. Lyons 2nd, 8 feet 10 in.

High vaulting with pole—M. Lyons 1st, 7 feet 11 in.; J. Patterson 2nd, 7 feet 9 in.

The gathering appeared to enjoy themselves to the fullest possible extent, and went away highly pleased.

NEWS FROM ALL POINTS.

Montreal, Sept. 28.—C. P. R. earnings for the traffic week ending September 21 were \$414,000; for the same week last year, \$365,000.

Ranch cattle for export will begin to come down to-day. The Mongolian and Rosafin will next week carry 800 from the ranch with which Dr. McEwen is connected, and Labrador and Sarnia will each take full loads from Sena o. Cochran's ranch. Freight at present to

Liverpool are sixty shillings without insurance.

The Allan steamship Norwega, from Glasgow, has arrived here. She had a stormy passage in the gulf. The steamer came through a heavy snow storm, and at Belle Isle the land was covered with a thick coating of snow.

Quebec, Sept. 26.—Mercier's organs have commenced a furious attack upon the lieutenant-governor, and call upon him to resign at once. There is expected to be further complications in a very few days.

It is said Hon. Mr. Mercier will risk the chance of an appeal to the people. The refusal of the lieutenant governor to grant writs for bye elections is said to be the cause of this resolve, Mercier considering that it is an act of persecution.

J. A. Charlebois, M.P., has taken action for damages against Ernest Pacaud and J. F. Belleau for libelous statements published in *L'Electeur*.

Calgary, Sept. 24.—A young man named Blacklows was left in charge of Lafferty & Nolan's office while Mr. Lafferty was in the east and Mr. Nolan in Edmonton. He received \$278 from H. Martin, Vancouver, to pay off a mortgage. With this money Mr. Blacklows proceeded to have a good time. On Mr. Nolan's return he had Blacklows arrested. Blacklows has cabled his father in England for a remittance to get him out of the fix.

A few thoughts concerning

ASTHMA

Its Cause and Cure

Just interest every one afflicted with this terrible disease. To describe this disease to one that has suffered for years the untold agonies of suffocation and distress night after night and who at many extreme cases would gladly welcome death in order to be relieved from such suffering with no prospect of ever being any better is not pleasant to contemplate. All the boasted remedies heretofore claimed to cure Asthma have failed or only given temporary relief. The smoking of leaves and herbs, saturated paper and pastilles have been resorted to, the last means for only a temporary relief anything being considered as being that will relieve the grasp of the fingers of death even for a short time, which seems to be the only relief moment more and more the sufferer knows that this is Asthma.

Today, suffering in a few days relief, and no good reason can be given as to the cause of these sudden changes and return of suffering, only by the poisonous blood acting on the nerves producing the disease. In Asthma there is a

SPECIFIC POISON in the blood that must be **DESTROYED** before Asthma can be

CURED

The poison is hereditary and passed through many generations, like Scrofula, never losing its power to produce Asthma and oft-times affecting the lungs and bringing the sufferer down to a consumptive grave. Location, with surrounding causes will promote and to worsen this poison in the blood, so that in some sections of the country an Asthmatic cannot live, even in one part of a city their suffering is intense, move to another part and they are presently free from Asthma. Thus you learn that there exists a certain poison in the system, that when certain influences are brought to bear that exist in the Asthmatic in many localities will develop this poison in an unusual degree thereby affecting the system, involving spasms and difficult breathing, which every Asthmatic has had such experience with, suffering, and no hope of being cured; for having tried every known remedy, exhausted the skill of the physicians, have given up in despair.

After years of study and patient research and watching this disease in its progress, we present a cure for Asthma known as **DR. TAFT'S ASTHMALENE**, which will entirely destroy this poison in the blood, and cause the system to be in a healthy condition and when this is done the spasms will cease, the choking will subside, and the weary time to the lungs will begin at once to be repaired and the nervous system restored to health. **ASTHMALENE** is unlike all other so-called Asthma cures, as it contains no Opium, Morphine, Ipecac, Squills, Lobelia, Ether, Chloroform or any other dangerous narcotics, but its combination is of such a nature that it will destroy every particle of the poison in the blood and eliminate it from the system, effect a cure and give a night's sweet sleep. We have received thousands of testimonials from every State in the Union of the marvelous cures from the use of the **ASTHMALENE**. We have never published them, for testimonials have been manufactured so extensively and sold so cheap that people have no confidence in them.

WE DO NOT WANT YOU TO SEND US MONEY We do not make out a long list of prices, personal and impertinent questions, nor do we want to catch you in any trap or any scheme of any kind in order to make monthly or permanent patients; we cure all who are suffering from Asthma to **TRY A FEW DOSES OF ASTHMALENE**. We make **NO CHARGE** for a trial bottle to sufferers from this terrible malady. Send us your name on a postal card and we will mail

FREE

Dr. Taft's Asthmaleone to show its power over the disease. It is a cure for Asthma, and will cure you (no matter how bad your case) that **ASTHMALENE** is a cure for Asthma, and you need no longer neglect your business or sit in bed, or suffer from the effects of the disease. Send us your name on a postal card, and we will mail you a trial bottle of **DR. TAFT'S ASTHMALENE**, MEDICINE, ROCHESTER, N. Y.
